SIR,

Continuance of the Special Sheristedar and the Assistant Food Inspector, for distribution work in Chamarajanagar Talu

---

With reference to Government Order No. SD.3264-67 A. 121-44-3 dated the 12th December 1944 according sanction to the appointment of a Special Sheristedar and an Assistant Food Inspector till the end of December 1944, I have the honour to enclose herein a copy of report dated the 10th December 1944 received from the Amildar, Chamaraja nagar Taluk, explaining the need for the continuance of the above staff till August 1945. The present system of distribution of food grains in Chamarajanagar Taluk has got to be continued till the next harvest of Jola which comes off only at the end of July 1945. It is, therefore, necessary to continue the services of the Special Sheristedar and the Assistant Food Inspector to attend to the receipt of Jola which is being received from the Central Provinces and to attend to its equitable distribution among the needy people in the Taluk.

I, therefore, request you kindly to obtain sanction of Government to the continuance of the Special Sheristedar and the Assistant Food Inspector till the end of June 1945.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mysore District.

COPY OF REPORT dated 10th December 1944 from the Amildar, Chamarajanagar taluk, to the Deputy Commissioner, Mysore District, Mysore.

Continuance of the Special Sheristedar and the Assistant Food Inspector at Chamarajanagar.

...

I beg to state that the vacancies of the Special Sheristedar and the Assistant Food Inspector, created in September 1944, in connection with the large distribution work in the Taluk, ceases by the end of this month. It is absolutely necessary to continue these posts at least up to the end of August 1945 in view of the following reasons:-

1) Rural Rationing which is introduced in this Taluk has got to be continued till August 1944 when the next Jola harvest is expected.

2) There are 64 Sales Depots in the taluk which need constant feeding and inspections, in addition to the supervision by the Co-operative Department.

3) A large quantity of Jola (about 17,000 bags) is being received from Central Provinces and the same is being measured and issued to the Taluk. A responsible officer of at least the grade of a Sheristedar has to supervise its management, preservation in the pits and disposal as and when the need occurs.

4) The town rationing system involving an unwieldy population of nearly 17,000 has to be supervised in Chamarajanagar.

The Special Officer who has to attend to the acquisition work of this vast Taluk, cannot afford to devote himself for these responsible items of work which require a whole time Officer in view of the volume and importance of work.

I, therefore, request that these two vacancies may kindly be ordered to be continued till August 1945.
